This MSDS summarizes at the date of issue our best knowledge of the health and safety hazard information of the product and in particular how to safely handle and use the product in the workplace. However, the Company makes no warranty or representation, express or implied, as to the accuracy of completeness of such information. Since Inter-Ject International Pty Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, review this MSDS in the context of how the user intends to handle and use the product in the workplace.

The provision of this MSDS is not intended, of itself, to obviate the need for all users to satisfy themselves that the product described is suitable for their individual purposes and that the safety precautions and environmental advise are adequate for their individual purposes and situation. Further it is the users obligation to use this product safety and to comply with all applicable laws and regulations concerning the use of the product.

The Company accepts no responsibility for any injury, loss or damage, consequent upon any failure to follow the safety and other recommendations contained in this MSDS, nor from any hazards inherent in the nature of the material, nor from any abnormal use of the material.
